**Selection process:** If Delaware Opportunities CCR&R receives more requests for the ITA than can be accommodated, then selection will be made by using the following criteria: first priority will be given to providers who are required to have ITA as part of their open corrective action plan; next consideration will be the number of children in care and the reason for the request; and lastly the date the request was received. The ITA specialists and their supervisor will review the requests and make the final selection. The applicant will be notified by mail as to the acceptance or denial of her/his application.
