PRESS RELEASE - FOR IMMEDIATE RELEASE

The Delaware Opportunities Inc. Child Care Resource and Referral program's mission is to provide high quality, affordable child care within Delaware County. To promote this goal, the agency assists interested people in completing the day care registration process as well as offering free information to help families find regulated child care and information to assist them in identifying quality child care. The Child Care Resource and Referral program also provides technical assistance to the child care community as well as support to local businesses and communities with information and assistance in the continuing goal of building excellence in child care and supporting the work force within the area. Delaware Opportunities is also the sponsoring organization for the Child and Adult Care Food Program in Delaware County. By participating in this partial reimbursement program, child care providers are able to pass savings on to families. To further assist families, the child care subsidy program offers financial assistance to income eligible working parents who need assistance with the cost of child care.

Referral information and a wide variety of child care information can be accessed at Delaware Opportunities website: www.delawareopportunities.org. Delaware Opportunities urges the public to join in efforts to improve the quality of child care in Delaware and surrounding counties. For more information on this subject, please contact the Delaware Opportunities Child

Care Resource and Referral program at 607-746-1620 locally or toll free at 1-877-746-2279; or by email at daycare@delawareopportunities.org
